## Thank You

At this time we would like to send a very special thank you to Mr. Mike Velluso. He is the Project Manager for Coss Systems Inc., of Canada. He helped Mark Greenslade with the Coss Systems booth. He flew in from Mississauga, Ontario, Canada to assist us with our Coss booth at the Dayton Industrial Trade Show. Thanks again Mr. Velluso. We would also like to give a special thank you to Mr. Gary Simpson of Measurement Technologies.

## Helping you grow through total system integration

Software along with many other vertical applications including Citrix. Computer networking and Visual FoxPro programming are part of our family of services. Our focus is meeting *your* needs and expectations.

## Dayton Industrial Exhibition...

We would like to thank everyone who stopped by and visited our booths during the Dayton Industrial Exhibition, October 31 through November 2, held at the Dayton Convention Center. We had a good turnout this year. We hope everyone found the products and services they were looking for.

For those unable to attend, we worked two booths. One hosted by Mike Velluso of Coss Systems, Inc., and Mark Greenslade. We had a power point demonstration of the Coss Manufacturing System and additional information on how it could benefit your company.

We also shared floor space in Measurement Technologies booth #1102, where Gary Kline and Tracy Crowe provided information on our accounting software products, Citrix products and our third party products as well as other services we provide.

A special thanks to Gary Simpson and his staff at Measurement Technologies for the joint effort promoting our products in booth #1102.

It was nice to see everyone, and again thank you for your continued support.

# Happy Thanksgiving from the staff at DSDI
